Dear members of the Texas Historical Commission,

I write this letter of support on behalf of Debi Lamb and her staff at Penguin Suits, Inc. Penguin Suits currently provides photography, captioning and media submissions for the Boerne ISD Administrative Offices. On a monthly basis at our school board meetings, students, staff and members of the community are often recognized for achievements and outstanding community services. Photographing the spectrum of large student teams to the lone individual can often be a significant challenge. It needs to be done quickly and well in the midst of our business meetings, yet produce spontaneous proofs as a keepsake record for our local community. These are always done very well by Penguin Suits and visitors and board members are often impressed with the outcome.

In addition to recording our district accomplishments, Penguin Suits performs marketing services with planned events which include activities between the local community and the school district. Ms. Lamb and her staff perform those tasks with energy and creativity integrating the mix of family, business professionals and local community organizations. As our district has experienced rapid growth so has the small Boerne community. Penguin Suits has helped to showcase our accomplishments as well as embraced that growth with various television, theater and technology mediums.

I would recommend the Penguin Suits team to promote the Texas Trails Program providing support to the initiative to market our diverse and rich culture beyond the Texas Hill Country and throughout the State.

Sincerely,

A handwritten signature in cursive script that reads "Marcia Leach". The signature is written in dark ink and is positioned above the typed name and title.
