

To whom it may concern,

The founder's of the Moonlight Fund have experienced a great amount of activity, support and concern for our cause due to the efforts to Penguin suits.

In these very uncertain times we count on good networking and web advisement. We need this type of support not only to raise funds, but also to facilitate our programs to those we serve.

Penguin Suits has been of assistance with each and every detail of our outreach programs, web support, advertising, in kind goods and outreach have been provided by the on course staff at Penguin Suits.

I would not hesitate to recomend them for any job, regardless of size or scope.

Please feel free to call me with any questions or concerns' regarding Penguin Suits.

My Kindest Regards,
